

## **TurnKey Internet Announces Fourth Quarter Promotion, “Let’s Make a Deal!”**

### **FOR IMMEDIATE RELEASE**

**Albany, NY, September 12, 2012** – IT solutions provider TurnKey Internet today announced a new promotion based on the popular *Let’s Make a Deal!* concept. The promotion, good on all cloud and web hosting products and services offered by the company, launches in all countries starting today.

Visitors to the company’s web page are presented three briefcases, each with a different product offer or discount. The user selects the most appealing deal to him and uses it as a basis to negotiate a customized deal with the company’s “Dealmaker.”

The promotion, accessible at <http://www.turnkeyinternet.net/deal>, also boasts a no-purchase-necessary “Deal of a Lifetime” contest that customers may enter after making a deal. A winner will be chosen at random each week to receive the service they have made a deal on for free, for a lifetime.

“Our Let’s Make a Deal! promotion is a powerful, fun and interactive way to make a purchase,” said Adam Wills, CEO. “It offers unparalleled flexibility to customize what you want, how you want it, and at just the right price.”

News and updates regarding the promotion will be posted on the company’s Facebook and Twitter pages. The promotion will run until end of fourth quarter, December 2012. For more information, visit <http://www.turnkeyinternet.net>.
