### **TurnKey Internet, Inc Launches Black Friday Deals for The Cloud**

LATHAM, NEW YORK (November 19, 2013) – Sustainable IT solutions provider TurnKey Internet, Inc. announced today the launch of their Black Friday Deals offering some of the best black Friday web hosting and cloud services deals for 2013.

TurnKey Internet is known for running it's eagerly-awaited, industry-leading Black Friday specials, and this year is no different. TurnKey Internet is offering 75% off for life of nearly every product they offer – dedicated servers, virtual private servers, cloud servers, web hosting, colocation services, SEO hosting, reseller hosting, and much more. More information can be found at <http://www.turnkeyinternet.net/blackfriday>.

“Last year’s special was an epic success, and we couldn’t wait for our 2013 Black Friday promotion to kick off” remarked Adam Wills, CEO of TurnKey Internet. “We have been receiving phone calls and inquires for over a month asking about our Black Friday promotions, and I am happy we are offering deals like these to our clients; we want them feeling like shopping TurnKey’s Black Friday Special was well worth their time and effort—two commodities we find positively invaluable.”

Founded in 1999, TurnKey Internet, Inc. is a full-service green data center and leading provider of sustainable web hosting and IT solutions that received the EPA’s Energy Star Datacenter certification in 2013. From its SSAE 16 Type 2 certified facility in Latham, NY—New York’s Tech Valley Region—TurnKey offers web hosting, communication services, web-based IT systems, software as a service (SaaS), enterprise colocation services, and computing as a service to clients in more than 150 countries.
